ANDREW DEACY

1027 West Oakdale Ave, Chicago, IL
630.335.4905 | andrewdeacy.net
adeacydevelopment@gmail.com

Education:

University of Iowa | Iowa City, IA   5 |2014

- B.B.A. Management Information Systems (MIS)

Experience:

VelocityEHS | Chicago, IL   2015

Software Engineer I

- Developed software –web applications, services, and assemblies in ASP.net using C#, MVC, SQL Server, JavaScript, jQuery, JSON, and TypeScript in Visual Studio 2015 and 2013.
- Worked closely with product, design, database, and QA teams to engineer enhancements and resolve bugs utilizing TFS source control across multiple development environments.
- Wrote clean, well-documented code focused on dependency injection, object oriented principles, test driven development, and maintainability.

ALG Worldwide Logistics | Chicago, IL   2014

Full Stack .Net Applications Developer

- Worked with Visual Studio, SQL Server Management Studio, VB.net, Entity Framework, LINQ, and SSRS to create logistics applications such as: inventory and executive reporting services, freight tracking applications, accounting software, and Windows mobile scan gun software.
- Created VB console, WinForm, and .Net web applications using SVN source control. Maintained SQL Server stored procedures, tables, and views across development and live environments.

Tippie Technology and Innovation Association (TTIA) | Iowa City, IA   2013

Web Developer

- Developed custom WordPress theme using PHP, JavaScript, jQuery, and Bootstrap.
- Consulted for the TTIA to fund trip to the 2014 NCAA AITP programming competitions.

Pearson| Iowa City, IA   2013

IT Desktop Support Representative

- Assisted an over 17,000 user base through phone, chat, and email technical support.
- Solved technical issues such as Java updates and browser compatibility checks.

Projects: 2014

AndrewDeacy.net Blog | andrewdeacy.net/blog | github.com/andrewdeacy/blog

• Developed and maintained programming blog outlining interesting development solutions.

• Created with Angular 2, Typescript, jQuery, and HTML/CSS while utilizing Git source control.

Languages and Tools:

Proficient: C#, JavaScript, jQuery, ASP.NET, Visual Studio, SQL, MVC, HTML/CSS, TypeScript, JSON

Familiar: Java, Python, PHP, WordPress, Oracle, DevExpress, SSRS, SVN, Git, Xamarin, Angular 2
